UNDERSTANDING YOUR BILL

Credits (CR)

Credit to your account.

Usage Charges

These charges are set by ENMAX Energy for your Easymax plan.

Energy Charges for Electricity

The cost of the electricity itself. It's the kilowatt hours (kWh) of electricity multiplied by your electricity rate.

Actual (A) and Estimate (E)

An actual read type is a reading taken from your electricity or natural gas meter. If a meter can't be read, the read type is estimated and based on previous readings. Once a meter reader confirms energy usage, your account is adjusted. If the estimate was more than the actual usage, your account is credited.
